	A Kansas City	<u>B New York City</u>	C Chicago	D Washington, DC.		

The man in the photo has just been appointed manager of ____

40.

C Tottenham Hotspur D West Ham Utd

Read the text. For questions 41.–45., choose the word or phrase which fits best in each gap. Circle the appropriate letter (A, B, C or D).

THE END OF THE LIGHT BULB AS WE KNOW IT

Look up at the ceiling, and the chances are that there is a centuries-old piece of kit swinging from a cord. The light bulb has been 41. _____ for more than 150 years and between its invention and the present day its design has hardly changed. Yet, these electricity-sapping glass orbs have finally 42. _____ with environmentally-conscious governments and consumers. The death warrant for the traditional bulb has already been signed and now its days are 43. _____. It was compact fluorescent lamps which were supposed 44. _____ the end of the light bulb but they have failed to deliver on their promise. In part this is due to their costing more than regular bulbs. They also take an age to warm up and often produce low quality light. However, waiting in the wings is a new breed of hi-tech light based on the humble LED. Not only 45. _____ to be less of a burden on the environment, its backers say it will also respond intelligently to your surroundings and even

influence the way we behave, so you may never look up at the ceiling in the same way again. *abridged from <u>www.bbc.co.uk</u>*
